

INVESTING IN REALTORS®

GOVERNMENTAL AFFAIRS PROGRAM & NEWSLETTER

Fresno's GAD fights for your rights at the Local, State and National levels. This helps preserve your ability to conduct business and protect homeownership rights, affiliated business issues and point of sale issues. The F.A.R. GAD works with the Local Candidate Recommendation Committee (LCRC) and our NEW Local Government Review Council. Together they focus on local issues and form relationships with local candidates to tackle issues at the local level.

To stay up to date on topics like this, be on the lookout for the F.A.R. GAD About Newsletter that focuses on hot issues that are happening now and that affect your business today.

ADVERTISING TO PROMOTE REALTORS®

The Fresno Association of REALTORS® Board of Directors participate in a campaign to advertise the REALTOR® in our local community. They have formed a partnership with local news stations, ABC30, KSEE24 and CBS47 to advertise why it is important to use a local professional REALTOR®.

LEADERSHIP INVOLVEMENT

Our Leadership Academy Course gives you the opportunity to learn about the Local, State and National Association operations and how decisions are made. This is a great tool if you are interested in sitting on our Board of Directors, MLS, Scholarship, Education, Community Outreach, or Young Professionals Network Committee.

FREE PROFESSIONAL HEADSHOTS

Our F.A.R. REALTORS® & Affiliates have the opportunity to take a professional photo for their MLS, Website, Business Cards, and Social Media. We offer this once a month.
